# WHAT IS A BLANCO UNIT?

Everything you need, all in one place.

A BLANCO UNIT is a seamless, fully integrated, kitchen water place solution designed to make everyday life in the kitchen easier. The combination of a BLANCO sink, mixer tap, cabinet organization and accessories streamlines how people operate in the kitchen and enhances their experience with water. Everything needed to drink, prep and clean is all in one place.

The water place plays a vital role in kitchen activities, over 60 percent of kitchen time is spent in this space. The BLANCO UNIT meets people's needs by being a source for drinking and cooking assistance, a place for food preparation and a system for cleaning up life's messes.

There are endless opportunities to customize a BLANCO UNIT based on design and functional preferences. Look to our suggestions to build a combination that resonates with your customers style and lifestyle.

Founded in 1925 in Oberderdingen, Germany, BLANCO has over 95 years of international experience bringing high-quality products and solutions to the kitchen.

# HOW TO CHOOSE A BLANCO UNIT.

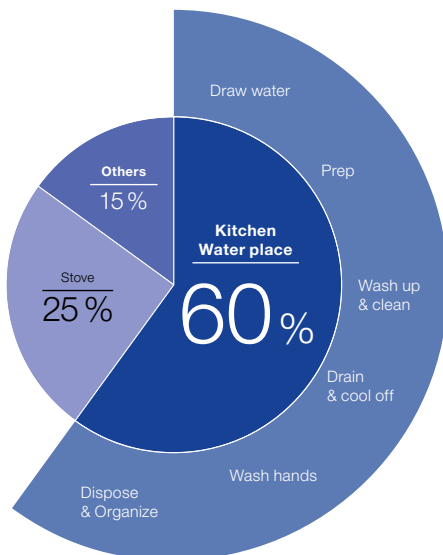

Seamlessly integrated sink, mixer tap and cabinet organisation.

## Planning a kitchen

Kitchen planning starts with people. From eager foodies to gourmet chefs, we all actively use kitchens and appreciate them as the heart of our homes. We are all different, but we all want to enjoy the time we spend in the kitchen.

Once the placement of the cooking, storage and water areas in the kitchen has been determined, choosing the right BLANCO UNIT for the lowercase kitchen water place has a great impact on how joyful the kitchen will be.

## The key role of the kitchen water place

The busiest area in the kitchen is the water place, where we spend over 60% of our time. A BLANCO UNIT makes the planning of this area easy and the installation stress-free. All components fit together and are efficiently installed in the sink cabinet. In daily kitchen use, the components of a BLANCO UNIT work together to provide pleasing workflows and a beautiful look.

Style, colour and material combinations are key factors in building the right kitchen water place. Choose from our wide selection of styles, colours, materials and features to create an appealing BLANCO UNIT that matches the desired kitchen design style and it is easy to install.

### A BLANCO UNIT starts with a sink

There are strong trends in kitchen design for various sink styles, but the decision should be made based on how the water place will be used. There are many options to consider: single bowl or double bowl, with or without drainer, undermount, inset or flushmount, Silgranit, stainless steel or ceramic. With so many great options, it helps to take a few minutes to consider the needs and priorities.

### Mixer tap styles, features & finishes

Our high-quality mixer taps are easy to use and durable. With a wide range of designs and finishes, very useful features like extendable spray head or water filtering, and even special models for window installation, determine what style will fit the design of your customers' kitchen and meet their daily needs in the kitchen. Make sure to consider critical dimensions like height and reach. This will ensure there is adequate clearance above the mixer tap and that it's proportionate to the size of the sink.

### Enhance with functional accessories

Find the right accessories that support the way your customer will use their kitchen. Enhance their UNIT with a matching soap dispenser, a strong cutting board that can be placed over the sink or a foldable grid and create a seamless workflow experience. Accessories will help customize a UNIT to meet specific needs.

### Maximize the base cabinet

And the BLANCO Food Waste Disposer is the most environmentally-friendly, time efficient and hygienic way to grind down and flush away food waste. It avoids the mess of traditional bins that often create unpleasant odours. It's safe and simple to use, no knives or blades are used and only cold running water needed to assist.

### Get inspired

As a starting point, we recommend finding a UNIT Inspiration on the following pages. They contain a curated selection of products that seamlessly combine to create amazing kitchen water place experiences. Turn daily chores into joyful moments with a practical and beautiful BLANCO UNIT.

Turn the next page to find our UNIT Inspirations.

# UNIT Inspirations

- Impressive BLANCO UNIT in grey and black tones. Aesthetically looks modern and provides quality functionality with filtered water directly out of the kitchen tap
- The warm shade of Silgranit volcano grey and the smooth black matt create a filter tap harmonious fusion for this BLANCO UNIT with a striking design accent
- This UNIT provides freshly filtered water directly out of the spout of this semi-professional mixer tap.
- Make kitchen life easier with a semi-professional filter tap, a generous undermount bowl and a cabinet system with 2 bins, all efficiently fitted in a 60cm cabinet

- Appealing BLANCO UNIT in a warm grey shade; the tone-in-tone combination of the mixer tap and sink are ideal for a kitchen in soft colours such as warm grey
- The elegantly formed undermount bowl and the minimalist design of the mixer tap set modern accents in a premium kitchen
- The food-waste disposer safely conveniently disposes of leftovers quickly and easily
- Easy workflows at the kitchen water place thanks to a mixer tap with extendable spray head, a generous undermount bowl and an advanced food waste disposer, all efficiently fitted in a 60cm cabinet

# UNIT Inspirations

- Perfectly filtered true-boiling and cold drinking water on tap, accurately measured and delivered safely, thanks to this high-specification kitchen water hub upgrade.
- No compromise in design, this BLANCO UNIT is a beautiful statement in black that combines the stone texture of Silgranit black with the elegant black matt finish of the drinking water system.
- Glasses, bottles or even big jars are easily filled, thanks to ingenious rails that can be placed within the bowl to create an extra work level - keeping water and mess contained.
- A well-thought-out cabinet interior helps bring calm to the chaos under the sink, an organisation and waste separation system – placed beside the drinking system – maximises the use of space.

# BEAUTIFUL. STRONG. CLEAN.

SILGRANIT® kitchen sinks and bowls.

SILGRANIT  
Bowls

**Silgranit sinks and bowls are adored around the world for their exclusive styles and designer colour palette.**

The kitchen has become a central point in our homes and a reflection of our lifestyles. With a wide range of styles from proven classics to exclusive award-winning designs, available in a broad selection of configurations and sizes, you can find the right Silgranit sink or bowl to create your customer's dream kitchen.

Thanks to the combination of beautiful design and an impressively resilient, easy-care surface, a Silgranit sink is the ultimate choice for long-lasting kitchen bliss. A Silgranit sink is resistant, easily dealing with domestic use including cutlery scratches, defrosting food, boiling water and even hot pans and trays.

Silgranit is the clean hero in your kitchen. Its surface is food-safe and repels water, making it easy to keep spotless. What's more, the hygienic test\* of the material Silgranit has shown that it inhibits the formation of microbial biofilms and the growth of microorganisms on the material over time. Set your heart on a beautiful Silgranit sink, with a 25 year quality guarantee, to make kitchen life easier everyday.

**Regular internal quality checks in the production of our Silgranit sinks and bowls confirm the high standards that we set ourselves, and ensure you products you can rely on.**

\* Tests carried out by DHZ (German Hygiene Certificate GmbH) on behalf of and financed by BLANCO GmbH + Co KG with Bacillus subtilis, Escherichia coli, Pseudomonas aeruginosa and Staphylococcus aureus in April 2022. More details on the tests are available at blanco.com.

# BEAUTIFUL COLOURS.

SILGRANIT  
Bowls

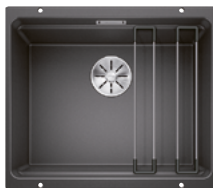

## Discover SILGRANIT®'s beautiful colour palette.

Silgranit's beautiful, smooth surface is available in a range of design-oriented colours that won't fade. Colour is such an important part of our lives, especially within our homes. It is a fundamental aspect of interior design, and we use colour as a form of creative expression. It has the power to uplift, energise, soothe and awaken.

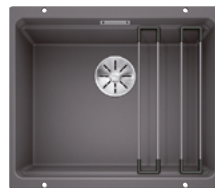

Be inspired and create kitchens with a spectrum of Silgranit shades, available in our bowls, sinks and mixer taps portfolio.

### Make a stylish statement in the kitchen.

Coordinating the colours of the mixer tap and the sink makes each BLANCO UNIT unique. Silgranit-look mixer taps can be combined with Silgranit sinks in colour-coordinated match. Satin gold and black matt mixer taps set particularly harmonious accents, giving the kitchen a special flair with the BLANCO UNIT at its heart.

# SILGRANIT® NEW WARM COLOURS.

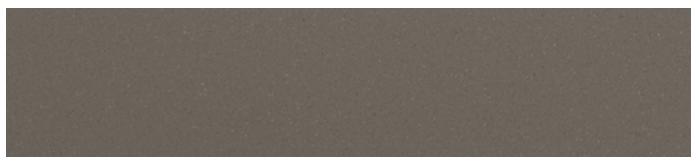

SILGRANIT  
Bowls

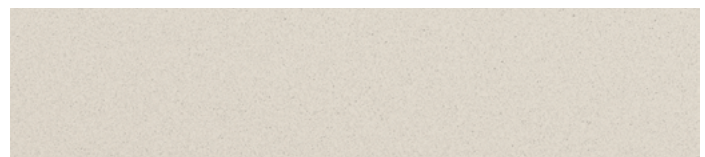

## Moments of joy with warm colours.

It is THE trend in kitchen design: warm neutral colours. The Silgranit colours volcano grey and soft white create a warm atmosphere and are particularly easy to combine with similar shades in the kitchen. Calming and appealing colours pave the way for relaxed moments. And, with a broad portfolio of sinks and mixer taps in Silgranit colours, it is very easy to create a dream kitchen.

Breathtaking sinks in Silgranit volcano grey and functional mixer taps in the same colour create an appealing modern dream kitchen. Silgranit volcano grey sets harmonious accents when combined with black matt mixer taps.

Soft white sinks combined with soft white mixer taps make a subtle statement and place focus on the essentials. Silgranit soft white combined with mixer taps in satin gold ensures luxurious harmony.

# MORE THAN JUST A BOWL.

Some of the most admired SILGRANIT® bowls.

SILGRANIT  
Bowls

## ETAGON

**One bowl, two rails, three working levels.**

Thanks to its two versatile rails, the cleverly designed range of ETAGON kitchen bowls offer three working levels that can be used at the same time. This ensures greater convenience and efficiency, while also providing optimum results.

## SUBLINE

**The designer line of bowls.**

The extensive Subline family of bowls, brings all possibilities in undermount, opening up a huge range of sizes, formats and colours for kitchen designers to get creative with. Small bowl sizes that can be combined with larger ones, or choose double bowls with low-divide or cascade partitions. Extended design opportunities in a line that plays its master role in combination with solid surfaces like Granite, wood or composite worktops.

## SUBLINE SteelFrame

**Silgranit elegantly framed in stainless steel.**

These stunning inset bowls are available with a tap ledge (IFA) or simply with a consistent rim all the way round (IF). Both installation methods give a low profile 1mm edge, letting the impact of the steel top surface shine. The edge blends perfectly into a Silgranit bowl in your choice of black, anthracite or white.

## NAYA

**Bespoke comfort with modern lines.**

The convenient bowls of the NAYA range enable individual and flexible kitchen planning. Whether you are looking for a standard bowl size or the extra-large and super-practical XL 9, NAYA is available in eight stunning Silgranit colours to complement all sorts of kitchen designs to stylish effect.

# BLANCO VINTERA XL 9

## SILGRANIT

- Striking sink with farmhouse flair, ideal for modern kitchen designs
- Extra-large bowl provides plenty of room
- Perfect fit: right-angled apron front fits the width of a 90cm cabinet
- One model which can be installed either flush-mount or undermount

# CLASSIC. TIMELESS. BEAUTIFUL.

Stainless steel sinks and bowls.

Stainless steel  
bowls

**Stainless steel sinks are timeless and elegant, and often the preferred material of kitchen planners.** Besides its properties for preparing food and cleaning dishes, stainless steel also offers plenty of design options and product features, like rounded or tight corners, different bowl depths and sink shapes. A wide range of styles opens up endless possibilities to find the right sink for every kitchen, while the neutral tones of stainless steel blend harmoniously with any kitchen environment.

Stainless steel is a hygiene expert, its surface is smooth, tough and pore-free, making it easy to clean. The premium quality of the BLANCO stainless steel makes our sinks safe for food use. It also has a natural resistance to common household acids and stains, e. g. coffee, tea, fruits, and vegetables. Making food preparation on its surface, carefree.

Stainless steel is robust. Putting hot cookware or pouring boiling water into the sink won't affect the heat-resistant surface. Dishes and crockery that fall onto it will not break easily as the stainless steel absorbs much of the force of the impact. With minimum care needed and daily use, stainless steel sinks will harmonise with the kitchen setting and perform for decades.

# STUNNING STAINLESS STEEL.

Some of the most admired stainless steel bowls.

Stainless steel  
bowls

## ZEROX Dark Steel

### Clean lines and elegance.

Zero radii provides a striking rectangular bowl geometry. Our dark steel is a new elegant dark stainless steel. With an exclusive fine texture finish called Durinox which provides a tactile velvety feel. Resistant to scratches, easy to clean and care for.

## CLARON

### Coordinated in design and function.

Handcrafted from premium-quality 304 series stainless steel with 18/10 chrome-nickel content, combined with Durinox finish and practical internal corners that look amazing while being practical to clean.

## ETAGON

### Ingenious multi-level bowl.

Groundbreaking versatility at the sink. Integrated step with removable rails provides unlimited possible uses. For instance ideal for holding pans or steamers whilst also using the sink for washing. Reducing space on your work top.

## SOLIS

### Harmonious design and function.

Complete package, combining design and functionality. Brushed surface finish of the bowls can be harmoniously combined with any worktop material. The tight cornering of the base maximizes the internal space. Designed to work with top rails and bamboo cutting board to provide additional functionality.

# BLANCO CLARON-U Durinox

Stainless steel

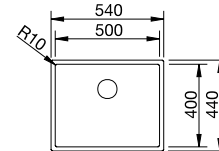

- Pure, elegant design with concise corner radii of 10mm
- Matt velvet Durinox finish is pleasantly warm to the touch
- High-quality features with the covered C-overflow and elegantly integrated InFino strainer
- Large bowl capacity thanks to extra-deep bowls and smallest possible radii

# MIX OF NATURE AND DESIGN.

## BLANCO Ceramic bowls.

The BLANCO Ceramic bowls create a pleasant, homely atmosphere. They appeal for their flowing lines and glazed surfaces.

BLANCO Ceramic blends happily both in traditional and modern kitchens. In crystal white or magnolia glossy tones, the ceramic bowls bring a friendly welcoming look to the country style kitchen. For modern designs or a modern-take on farmhouse, the ceramic bowls in black and basalt hues make a statement. Or, for the more traditionally themed kitchens, our farmhouse Belfast-style sinks are the perfect center point to the room.

The special properties of BLANCO Ceramic PuraPlus:

- Unbeatably easy to look after
- Resistant to impacts and blows in domestic use
- Resistant to scratching and stains
- Full-tone colours, matt or gloss
- Manufactured with traditional methods
- Heat resistant in domestic use
- Suitable for food use and hygienic
- Resistant to food acids
- Resistant to light – even direct sunlight

Regular internal quality checks confirm the high standards that we set ourselves, and ensure you products you can rely on.

# DEVOTED TO CERAMIC.

The most beloved Ceramic families.

## ETAGON

### Ingenious multi-level bowl.

Groundbreaking versatility at the sink. Integrated step with removable rails provides unlimited possible uses. For instance, rinse, drain and prepare food or wash, soak and dry crockery and utensils at the same time.

## SUBLINE

### The designer line of bowls.

Fits harmoniously into the worktop with its elegant, straight-lined geometry. Making it a must for minimalistic modern kitchens. Impressive too for its uncompromising bowl size and compact look.

## VILLAE

### Simply stunning farmhouse style.

Traditional farmhouse sinks and classically styled bowls are available in show-stopping crystal white. The apron-fronted double or single farmhouse sinks are elegant and timeless.

## BELFAST

### Traditional elegant design.

Belfast sinks are big, bold and beautiful deep ceramic sinks that are also known as Butler sinks and commonly used in Farmhouse style kitchens or utility rooms. Crystal white is a kitchen classic or lava grey for modern country style.

# BEAUTIFUL. STRONG. CLEAN.

SILGRANIT® kitchen sinks and bowls.

SILGRANIT  
Sinks

**Silgranit sinks and bowls are adored around the world for their exclusive styles and designer colour palette.**

The kitchen has become a central point in our homes and a reflection of our lifestyles. With a wide range of styles from proven classics to exclusive award-winning designs, available in a broad selection of configurations and sizes, you can find the right Silgranit sink or bowl to create your customer's dream kitchen.

Thanks to the combination of beautiful design and an impressively resilient, easy-care surface, a Silgranit sink is the ultimate choice for long-lasting kitchen bliss. A Silgranit sink is resistant, easily dealing with domestic use including cutlery scratches, defrosting food, boiling water and even hot pans and trays.

Silgranit is the clean hero in your kitchen. Its surface is food-safe and repels water, making it easy to keep spotless. What's more, the hygienic test\* of the material Silgranit has shown that it inhibits the formation of microbial biofilms and the growth of microorganisms on the material over time. Set your heart on a beautiful Silgranit sink, with a 25 year quality guarantee, to make kitchen life easier everyday.

**Regular internal quality checks in the production of our Silgranit sinks and bowls confirm the high standards that we set ourselves, and ensure you products you can rely on.**

\* Tests carried out by DHZ (German Hygiene Certificate GmbH) on behalf of and financed by BLANCO GmbH + Co KG with Bacillus subtilis, Escherichia coli, Pseudomonas aeruginosa and Staphylococcus aureus in April 2022. More details on the tests are available at blanco.com.

# BEAUTIFUL COLOURS.

Discover SILGRANIT®'s beautiful colour palette.

Silgranit's beautiful, smooth surface is available in a range of design-oriented non-fading colours. Colour is such an important part of our lives, especially within our homes. It is a fundamental aspect of interior design, and we use colour as a form of creative expression. It has the power to uplift, energize, soothe and awaken.

Be inspired and create kitchens with a spectrum of Silgranit shades available in our bowls, sinks and mixer taps portfolio.

SILGRANIT Sinks

coffee

### Make a stylish statement in the kitchen.

Coordinating the colours of the mixer tap and the sink makes each BLANCO UNIT unique. Silgranit-look mixer taps can be combined with Silgranit sinks in colour-coordinated match. Satin gold and black matt mixer taps set particularly harmonious accents, giving the kitchen a special flair with the BLANCO UNIT at its heart.

# SILGRANIT® NEW WARM COLOURS.

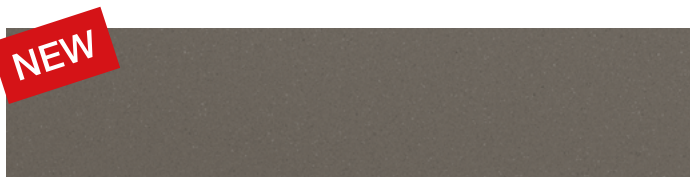

SILGRANIT  
Sinks

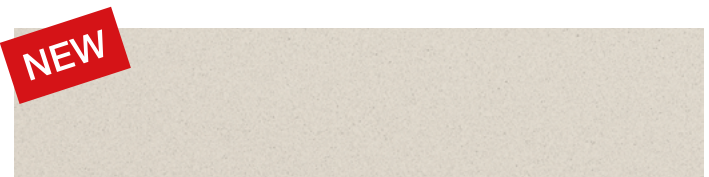

## Moments of joy with warm colours.

It is THE trend in kitchen design: warm neutral colours. The Silgranit colours volcano grey and soft white create a warm atmosphere and are particularly easy to combine with similar shades in the kitchen. Calming and appealing colours pave the way for relaxed moments. And, with a broad portfolio of sinks and mixer taps in Silgranit colours, it is very easy to create a dream kitchen.

Breathtaking sinks in Silgranit volcano grey and functional mixer taps in the same colour create an appealing modern dream kitchen. Silgranit volcano grey sets harmonious accents when combined with black matt mixer taps.

Soft white sinks combined with soft white mixer taps make a subtle statement and place focus on the essentials. Silgranit soft white combined with mixer taps in satin gold ensures luxurious harmony.

# GRANITE SINKS MADE OF SILGRANIT®

A few of the most admired SILGRANIT sink families.

## AXIA III

### Simple multi-axis ergonomics.

To fulfil the highest requirements in everyday kitchen life, AXIA sinks provide plenty of comfort and help make kitchen tasks flow easily. On the AXIA III 6 S sink the chopping board slides freely above the drainer and the bowl area. When combined with the multifunctional colander it creates a comfortable food preparation station.

## COLLECTIS

### Stunning lines and clever sorting system.

The innovative COLLECTIS 6 S is a concept that makes food preparation simple and efficient. A flat drainer that makes an ideal preparation station and generous, functional main bowl. A practical second bowl that holds a central sorting bin to makes food prep easy and a third drain point that makes life at the sink flow effortlessly.

## ELON

### Lots of space in a compact design.

The ELON Kitchen sink is impressive for its individual look and large capacity, despite its compact dimensions. As such, it is ideal for small kitchens. Experience the modern, wave-shaped stainless steel grid, matching drainer design and carefully considered proportions of the ELON family.

## METRA

### Clean lines and convenience.

With its straight-lined design, the METRA sink range looks perfect with all sorts of kitchen styles. The flat rim fits perfectly into any setting. What's more, the spacious sinks offer plenty of practicality thanks to their large, deep bowls and cleverly designed draining area.

# BLANCO AXIA III 6 S

## SILGRANIT

- Flowing ergonomic work space along a single axis thanks to arrangement of bowls and multifunctional accessories
- Design that is notable for clear lines and the ultra-narrow, flat rim

SILGRANIT Sinks

# CLASSIC. TIMELESS. BEAUTIFUL.

Stainless steel sinks and bowls.

Stainless steel  
sinks

Stainless steel sinks are timeless and elegant, and often the preferred material of kitchen planners. Besides its properties for preparing food and cleaning dishes, stainless steel also offers plenty of design options and product features, like rounded or tight corners, different bowl depths and sink shapes. A wide range of styles opens up endless possibilities to find the right sink for every kitchen, while the neutral tones of stainless steel blend harmoniously with any kitchen environment.

Stainless steel is a hygiene expert, its surface is smooth, tough and pore-free, making it easy to clean. The premium quality of the BLANCO stainless steel makes our sinks safe for food use. It also has a natural resistance to common household acids and stains, e.g. coffee, tea, fruits, and vegetables. Making food preparation on its surface, carefree.

Stainless steel is robust. Putting hot cookware or pouring boiling water into the sink won't affect the heat-resistant surface. Dishes and crockery that fall onto it will not break easily as the stainless steel absorbs much of the force of the impact. With minimum care needed and daily use, stainless steel sinks will harmonise with the kitchen setting and perform for decades.

# A SYMPHONY IN STAINLESS.

Some of the most admired stainless steel sinks.

## AXIS

### Ergonomic modern design.

The new standard for smooth ergonomic design. The placement of the drainer, main and additional bowl has been developed specifically to facilitate work-flows at the sink. The optional sliding chopping board and colander help to make the preparation process smooth and effortless.

## DIVON

### Bold lines for sophisticated kitchens.

The beautiful simple lines and millimeter perfection are the epitome of sophisticated kitchen style. The angles, surfaces and profiles involved only come with the wealth of experience in stainless steel that BLANCO experts possess.

## CLASSIMO

### Perfect combination of design and functionality.

Impressive for the perfect combination of contemporary aesthetics and high-performance use. Cleaned and maintained easily thanks to soft internal corners, drain system and 1 mm flat rim on the work surface, which provides a premium look.

## LEMIS

### Linear design that creates space to work.

The modern, linear lines of the LEMIS family create an update to the classic stainless steel sink. With options for smaller cabinets and dual bowl requirements to the ever-popular extra-large single bowl format - the LEMIS features a low-profile inset flush rim and a drainer with raised rails, perfect for drip-drying crockery or placing chopping boards.

# DRINKING WATER. PERFECT EVERY TIME.

drink.systems: BLANCO drinking water systems.

BLANCO drinking water systems are smart solutions, offering true 100°C boiling water, filtered cold water or, with the drink.hot EVOL-S Pro, both boiling and cold filtered water in one system.

Thanks to its intuitive click & touch control, the EVOL range always provides the precise amount of water required.

Whatever your customer's lifestyle, BLANCO drink.systems are distinctive pieces of outstanding quality that demand a place in the modern kitchen. Whatever the need, true boiling filtered or cold filtered, each function offers everyday convenience. It doesn't get smarter.

**drink.hot:** boiling hot water

**drink.filter:** filtered water systems

**Volume:** precisely measured water is a distinctive feature of EVOL drink.systems.

# 100°C FILTERED WATER IN AN INSTANT.

BLANCO drink.hot systems: save time and space.

drink.systems

Whether you want to make a fresh brew of tea, grab a coffee, jump-start the pasta, blanch vegetables or fill up your hot-water bottle, if you want boiling water, you usually have to wait for the kettle or the pan to reach temperature. BLANCO hot drinking water systems provide true-boiling hot water in an instant. All with the utmost safety and style.

Having boiling water on tap is a real advantage and saves valuable time. A kitchen mixer tap is transformed into a fully-featured drinking water system for the household kitchen. If you boil a kettle three or more times a day, a drink.hot system will use less energy by keeping the water at a constant 105°C, therefore saving energy and money. Your time is precious, a BLANCO boiling water tap is instantaneous, filtered for purity and hygienically delivered from a 4 litre titanium tank.

**drink.hot EVOL-S Pro:** 4-in-1 hot and cold filtered water system with semi-professional mixer tap and quantity control.

**drink.hot TAMPERA:** 3-in-1 filtered hot water system with titanium boiler, multi-stage filter, flowmeter and built in safety features.

**BLANCO UNIT drink.hot:** a seamless combination of sink, tap and organisation system with a boiling water system at its heart.

# FILTERED FOR THE FINEST TASTE.

BLANCO drink.filter systems: drinking water with top-quality BWT filter technology.

## Filtered to perfection.

When you're really thirsty, there's nothing better. And when you're making tea, creating ice cubes or simply need thirst-quenching glass of pure water, you want to know that you have high-quality water you can rely on. With water purified to the highest standard using premium multi-stage filtration, BLANCO drink.filter systems leave no room for metal particles, or other such impurities found in mains water, to slip through and create bad flavours or odours. You can rest assured each sip is nothing but high-quality, balanced water - ideal for a healthy lifestyle and day-to-day kitchen life.

drink.systems

**drink.filter EVOL-S Pro:** combines water filtration and precise amounts of water with click & touch.

**Click & touch:** the amount of filtered water can be adjusted with the scaling wheel and is activated with the touch sensor – only with the EVOL-S Pro Filter.

**Hygienic:** all BLANCO filter mixer taps are fitted with separate water channels for filtered water.

# LESS LIMESCALE. MORE TASTE.

BLANCO drink.filter systems for refined drinking water.

An integrated BWT multi-stage filter filters the water, reduces limescale and heavy metal content and thus appreciably enhances the taste. BLANCO drink.filter systems provide three options: warm, cold and filtered cold water.

In addition, the EVOL-S Pro Filter offers an ingenious measuring cup function for the filtered water, giving you the exact amount you need every time. Smart and environmentally friendly at the same time.

The two separate control units for cold and warm water on the right-hand side and filtered water on the left ensure that you can always get exactly the kind of water you want at any given moment. BLANCO filter systems: choice brings pleasure.

In addition, the high filtering capacity extends the usage intervals, while the filter cartridges do not have to be changed as often, which in turn saves money. While the EVOL-S Pro has a 180° swivel arm for filtered water, the FONTAS-S II boasts a pull-out spout for cold and warm water and filtered water. This spout allows flexible use around the sink, making it easy to fill household appliances like your kettle or coffee machine reservoir with filtered water with either model.

Click & touch: the amount of filtered water can be adjusted with the scaling wheel and is activated with the touch sensor – only with the EVOL-S Pro Filter.

All BLANCO filter mixer taps are fitted with separate water channels for filtered water.

Exactly the amount of water you want: filtered cold water in 17 pre-defined amounts between 100ml and 5,000ml

## Scope of supply

BLANCO Boiler tank 4 l

BLANCO Drink Filter Soft L

BLANCO filter head

Flowmeter

Safety group EU -10 Bar

- Spout can be swivelled by 180°
- With ceramic disk cartridge
- Ø 35mm tap hole required, flexible connection pipes with a length of 450mm and 3/8" nut for particularly easy and secure installation
- Patented jet regulator for markedly reduced scaling
- Stabilising plate to increase the stability of the tap when fitted in stainless steel sinks
- Insulated spout
- Top-quality high-pressure titanium boiler (extremely corrosion-resistant, fully tasteless)
- Capacity: 4 Litres
- Temperature: 100°C
- Energy efficient (approx. 16W consumption in standby mode)
- Power outlet: 230 VAC, 50/60 Hz.
- Nominal power: 2200 W
- Safety group incl. drain system pipe connection
- High-end water filtering system by BWT, incl. filter head and multi-stage filter cartridge
- Digital Flowmeter to display remaining filter capacity
- Supplied with UK 3-pin plug and 3/8" to 1/2" pipework adaptor
- Fit metal stabilising bracket if required, item No. 513383

# STYLE AND FUNCTION IN ALL THEIR FACETS.

BLANCO kitchen mixer taps.

We strive for excellence, particularly when it comes to a coordinated tap, sink and waste system. For a seamless water place in the kitchen, a BLANCO UNIT is an ideal combination. Key to the UNIT is the choice of mixer tap and its features. BLANCO offers a wide range of premium mixer taps – for a wide variety of requirements and interior styles. High quality, appealing visual appearance, smart technology and easy operation paired with a choice of sizes and colours make it easy to find the right mixer tap.

BLANCO is highly aware of their responsibility for the most valuable life source – drinking water. BLANCO mixer taps are extensively tested for technology and hygiene, offering one of the highest standards in quality. All water-conducting components are tested and certified.

All components used are made to the latest material developments and technologies, and from high quality materials thus providing maximum safety in terms of health and hygiene. Durability and stability of the components are at the core of our product engineering.

Mixer taps

# QUALITY DOWN TO THE LAST DETAIL.

BLANCO kitchen mixer taps.

BLANCO kitchen mixer taps are at the cutting edge of technology and are subject to the very strictest quality controls. However, should any problems arise, the BLANCO Service team is at your disposal.

## Upgrade – water flow modes

Numerous mixer tap models such as LINUS, LINUS-S, CANDOR or BLANCO CULINA-S Mini can be easily upgraded with the aerator set, which includes a clear spray and aerated jet regulator for high-pressure mixer taps. Please check the compatibility with your customer service before purchasing the BLANCO aerator set.

Water flow modes at a glance	
Clear spray	Aerated spray
• crystal clear	• aerated
• quiet	• soft
• splatter-free	• strong

**Aerator set**  
with clear spray and aerated spray for high-pressure mixer taps

Item-No. 521 746

## Installation and care – secure installation and perfect maintenance

- It is recommended that the mixer tap is installed by a licensed professional.
- Do not clean kitchen mixer tap surfaces with caustic or abrasive cleaning aids. We recommend to use BLANCO DailyClean+.
- If the water flow becomes weaker, rinse out the jet regulator.

To protect the mixer tap against dirt and damage (leaks, reduced water flow), installing a dirt strainer (included as standard) between the angle valve and connecting hose is essential.

Dirt filter strainer  
Item-No. 118 840

## Connection diagram

Kitchen mixer tap with solid spout

Kitchen mixer tap with pull-out spray

① Cold water connection

② Cold water

③ Warm water

**Low-pressure kitchen mixer taps** (pressureless mixer taps) are fitted with three connection hoses. One hose is connected to the cold water network, with the other two connected to the boiler.

# STYLISH ELEGANCE THAT SETS ACCENTS.

**Whether with black matt, satin gold or colour-coordinated accents: a BLANCO UNIT can suit any style.**

The colour you select for your mixer tap and the way you integrate it into your kitchen design and your UNIT can make your style distinctive. Featuring black as an accent colour is more relevant than ever. And it can define your style. The classic black matt colour sets accents without being overpowering – and it has a timeless beauty. The entire surface is powder coated to create an evenness and depth of colour that is sure to impress. Colour-coordinated soap dispenser is also available and complement the modern look.

Accents in satin gold give your kitchen the real wow factor, especially around the water place. Our mixer taps and accessories like soap dispensers are made with excellent workmanship and create a fascinating, harmonious overall look with distinctive accents in a minimalist design. The InFino drain sets are also available in satin gold to complement the BLANCO UNIT's design, ensuring that the sink can mirror the metallic surface of the fittings.

Coordinating the colours of the mixer tap and the sink makes each BLANCO UNIT unique. Silgranit-look mixer taps can be combined with Silgranit sinks in colour-coordinated match.

# FILTER TAPS.

The refreshing joy of filtered water directly from the spout.

## Better tasting water.

Water with reduced limescale content – straight from the kitchen tap. BLANCO 3-in-1 filter tap series offers warm and cold tap water, plus filtered cold water. With two separate control levers and independent spouts, these filter taps are ready to support all drink, prep and clean workflows at the kitchen water place.

## Multi-stage filter reduces limescale and improves taste.

The BLANCO Filter Set built into the base cabinet comes with the Soft L filter, which refines tap water no fewer than five times. This results in discernibly excellent filtered water with the added advantage that the low level of limescale also reduces the effort required to clean kitchen appliances like coffee machines and can prolong their lifetime.

## Positive impact.

Having a filter tap at home is a highly valued feature, not only because the water tastes better, but also for the many positive benefits it has. It strongly reduces the number of plastic bottles used at home, which has a direct impact on the environment. It also has the indirect positive effect of doing away with the need to transport those bottles. Finally, it improves user comfort by eliminating the need to carry bottled water around or store it in the kitchen or pantry, thus freeing up space for other uses.

## BLANCO Filter taps and Filter Set

FONTAS II is available as a fixed-spout or with an extendable spout.

CATRIS-S Flexo Filter is available in PVD steel and black matt.

BLANCO Filter Set must be installed with all BLANCO Filter Taps.

## BLANCO multiple options for drink filters.

Once a kitchen is installed with the BLANCO Filter Set and filter tap, the user enjoys the refreshing taste of filtered water from the included Soft L filter. When users replace the filter, they can choose which filter best meets their needs. BLANCO offers a selected portfolio of filters that cater for different needs and preferences.

- Ø 35mm tap hole required

# COLLECTING. SEPARATING. CREATING ORDER.

BLANCO waste and organisation systems.

The sink base cabinet plays a major role in kitchen planning. It is the place where waste is collected, cleaning products are stored and is often limited in space because of the plumbing components. With a drinking water system in the cabinet too, it is important to have a waste or organisation system, which makes optimal use of the remaining space.

BLANCO offers the right system for almost all cabinet widths, pull-out or hinged doors. If the space in the base cabinet is limited, our special solutions such as SELECT II Compact or BOTTON II 30/2 can be used.

Waste systems

With their attractive and functional design and high product quality, the BLANCO waste and organisation systems enrich every kitchen.

Integrate a BLANCO Food Waste Disposer into your UNIT to make food waste handling an easy and convenient experience.

The new Orga Shelf is designed so that the sink utensils you need are always at hand and easy to find.

# EASY. CONVENIENT. CLEAN.

Grind organic waste easily with the BLANCO Food Waste Disposer

BLANCO FWDs are hygienic, clean and very convenient when it comes to disposing of leftovers quickly and easily. They cut down the amount of waste in the organic waste bin. Therefore the FWD reduces the growth of bacteria and the likelihood of pests and unpleasant odours in the kitchen. They also lower the amount of material sent to landfill sites.

The BLANCO FWD is installed directly beneath the sink and grinds food waste so finely that there is no risk of the pipes becoming blocked. The FWDs are similar to standard grinders, but they don't have knives or blades. All of the moving parts within the appliance are blunt. The system is conveniently controlled from the top of the sink at the touch of a button – the air switch.

All that is needed for the perfect grinding process is cold water from the tap. The rinsing that occurs during the grinding process also means that the device requires little additional care.

Add an FWD to any BLANCO UNIT for a fully integrated, high-quality kitchen water hub that seamlessly includes hygienic and convenient waste handling.

The system is conveniently controlled from the top of the sink at the touch of a button – the air switch.

Our BLANCO FWD range, in Lite, Medium and Max, fits all BLANCO sinks and bowls.

Matching accessories for the kitchen water hub.

A sink can be so much more than the place where dishes and food are cleaned. With our ingenious accessories, it can be transformed into a multifunctional workplace in just a few simple steps. Streamlined work flows eliminate the need for unnecessary actions, make preparing food a breeze. This option offers a very practical additional benefit, especially in small kitchens.

A practical accessory for every sink is a colander. When hung in the bowl, it can be used to temporarily store prepared or cleaned food or cleaned dishes and cutlery.

A cutting board increases the work surface and can be flexibly positioned and moved over the sink.

The floating grid can be used to create an additional functional level. Ideal e.g. for draining crockery or washing food.

### Food, cutting and chopping boards

A wide variety of quality food, cutting and chopping boards are available – in a variety of woods, glass or high-quality plastic.

### Colanders

A variety of stainless steel colanders allow for rinsing and draining pasta or vegetables right in the sink.

### Wire baskets, grids and racks

Add another level of practicality and function with our selection of multi-functional baskets, floating grids and racks.

### Drainers

A collection of drainers have been designed to work alongside undermount bowls and bowls with the IF low-profile rim. Once used they can be placed discreetly away.

### Clever ideas

Concepts like the top rails and folding grids that transform BLANCO sinks into modern kitchen workplaces without making any compromises.

### BLANCO CARE

BLANCO sink and mixer tap surfaces are resistant and attractive. To ensure that they stay that way for as long as possible, they should be cleaned and cared for on a regular basis. BLANCO CARE cleaning and care products allow you to achieve this in a lasting and sustainable way.

# BLANCO CARE. Cleaning and care products

## DailyClean+

- Professional limescale remover for all sink and mixer tap surfaces
- Gentle – suitable for everyday use
- Do not use on surfaces that are sensitive to acid. Follow the manufacturer's care instructions. If in doubt, test it first in an inconspicuous place.

		List price £	
	DailyClean+	526 305	£ 14.00

## BLANCO DeepClean SILGRANIT Set

- All-in-one cleaning set for BLANCO SILGRANIT sinks and bowls

**NEW**

		List price £	
		527 033	£ 30.00

## DeepClean Stainless steel

- For deep cleaning of stainless steel sinks
- To be used if surface blemishes cannot be removed with everyday care products
- Helps to reduce appearance of small scratches, limescale and extraneous stains
- Allows water to run off, prevents fingermarks and water marks

		List price £	
	DeepClean Stainless Steel Not suitable for stainless steel surfaces in Durinox, natural finish or linen, or chrome-plated surfaces and kitchen mixer taps	526 306	£ 14.00

# BLANCO CARE. Cleaning and care products

## DeepClean Ceramic

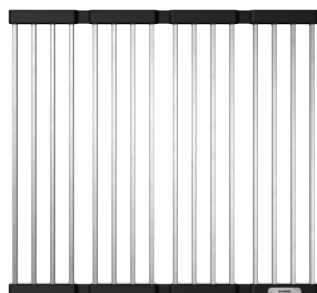

- For deep cleaning of Ceramic sinks
- To be used if surface blemishes cannot be removed with everyday care products
- Dissolves grease and limescale, and removes marks and metal abrasion
- Polishes small scratches and preserves the glaze

			List price £
	DeepClean Ceramic Also suitable for stainless steel sinks in a natural finish or linen, plus ceramic cooktops	526 308	<b>£ 14.00</b>

# Accessories for BLANCO sinks

## Foldable grid

- Can be placed on the drainer, over the bowl or on the worktop
- Extends the versatility of the sink centre, e.g. for draining washed items or filling up pots
- Easy to stow away thanks to the practical folding function
- Available in two sizes

			List price £
	Foldable Grid 460mm x 425mm	238 482	<b>£ 82.00</b>
	Foldable Grid 460mm x 440mm	238 483	<b>£ 104.00</b>

## Corner Caddy

- Rinsing and draining high-quality plastic colander for food and crockery
- Practical storage for washing utensils
- Variable placement with secure grip
- Efficient and flexible use of the bowl

			List price £
	Corner-Caddy	235 866	<b>£ 52.00</b>

## Top rails

- Positioned at the edge of the bowl, Top rails create a platform over the sink
- Providing a secondworking level to place pots, pans or fordrip-drying items
- Use the rails as a trivet to protect the worktop surface
- Recommended for SUBLINE, ANDANO, SUPRA, CLARON, ZEROX and CRONOS-IF

			List price £
	Top-Rails	235 906	<b>£ 112.00</b>

# Accessories for BLANCO sinks

## Universal floating grid

- Increases the functionality of a sink, while requiring little space
- When attached to the bowl, the floating grid provides an additional functional level
- Ideal e.g. for draining crockery or washing food
- Alongside the sink, the floating grid serves as a trivet
- Made of high-quality Stainless steel

			List price £
	Floating grid	234 795	<b>£ 94.00</b>

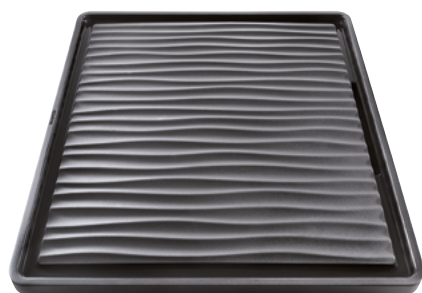

## CapFlow cover

- Aesthetic cover for outlet
- Fully functional basket strainer
- Versatile use on any sink with 3½" basket strainer
- Not compatible with the InFino strainer system

			List price £
	CapFlow cover	517 666	<b>£ 46.00</b>

## Wave drainer

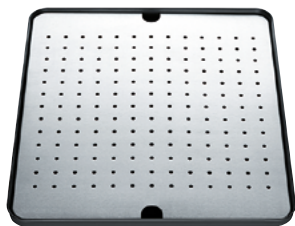

- Attractive drainer with wave-look design
- High level of functionality resulting from the draining effect and the safe support for dishes
- Complements undermount bowls and bowls with the IF low-profile rim
- Tough, high-quality black plastic

			List price £
	Wave drainer	230 734	<b>£ 54.00</b>

# Accessories for BLANCO sinks

## Draining tray with stainless grid

- When placed on the worktop, the draining tray can replace a fixed drainer
- Provides enough room for drip-drying items
- Made of high-quality plastic with a Stainless steel insert
- Ideal when combined with a single or double bowl

		List price £
Draining tray	513 485	<b>£ 114.00</b>

## Multifunctional wire basket

- A practical complement for both bowls and sinks
- Particularly suitable for washing fruit or vegetables
- Appropriate for bowls and sinks with interior length of 400mm (front to back)
- Made of high-quality, easy-care Stainless steel

		List price £
Multifunctional wire basket	223 297	<b>£ 98.00</b>

## Crockery basket and stack

- Can be used in the sink or on the drainer surface
- Practical plate stacker built into design
- Made of high-quality, easy-care Stainless steel

		List price £
Crockery basket and stack	454 707	<b>£ 78.00</b>

# Accessories for BLANCO sinks

## Multifunctional colanders

- Adds multiple functionality to sinks and bowls
- For washing, draining and holding fruit and vegetables
- Made of high-quality, easy-care Stainless steel

			List price £
	Multifunctional Stainless steel colander	226 189	<b>£ 78.00</b>

# FOR ANY REQUIREMENT.

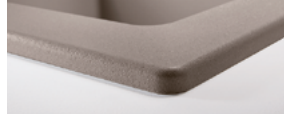

BLANCO installation solutions.

## Installation from above

Classic installation from above with a conventional profiled rim.

- Large selection of sinks in Stainless steel, SILGRANIT and Ceramic
- Suitable for all worktop materials
- Uncomplicated and quick installation

BLANCO ETAGON 6 Black Edition

## Flat rim IF

Elegant and modern look thanks to the almost flushmount appearance.

- Wide product programme of Stainless steel sinks with the flat rim IF
- Lay-on installation option is ideal for laminate worktops
- One model, two installation options
  - Installation from above, top mounted (safe and quick mounting)
  - Flushmount installation

BLANCO LEMIS XL 6 S-IF, Stainless steel

## Flushmount installation

Visual unity between sink and worktop with no raised edges – functional and contemporary.

- Wide selection of Silgranit® models with special rim design for flushmount installation
- Recommended for worktops in natural or artificial stone
- Permanent and safe connection of sink and worktop thanks to mechanical supporting elements and the jointing with sealant

Flushmount detail of BLANCO AXIA III 5 S-F, Silgranit white

## Undermount

Smooth, continuous installation of bowls and sinks for a harmonious overall impression.

- In addition to the wide range of special bowls for undermount installation in Stainless steel, Silgranit and Ceramic, almost all our inset stainless steel and Silgranit sinks are suitable for undermount installation
- Suitable for worktops in natural or artificial stone, ceramic or glass
- Special supporting elements are used to secure the sink to the underside of the worktop, then it is jointed with sealant

BLANCO SUBLINE 700-U, Silgranit white

## How-to videos with practical tips for the kitchen specialist

How do you install an undermount sink?

Do you have any tips for caring for our sinks? How can I make an additional hole in a Silgranit sink?

Find answers to these and other questions in our How-to videos on our customer Partner Area: [blanco.co.uk/partnerarea](http://blanco.co.uk/partnerarea)

# INSTALLATION EXAMPLES.

BLANCO installation options.

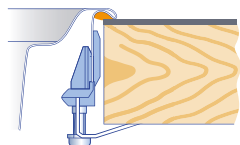

**Installation from above**

In this process, the sink is placed inside the sink cut-out from above.

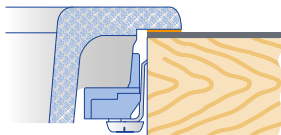

BLANCO stainless steel sinks with a profiled rim are sealed at the works; sinks made of Silgranit® or Ceramic are given a layer of sealant on-site.

Silgranit and stainless steel sinks are secured to the worktop from below using securing elements; Ceramic sinks are simply placed on top of it.

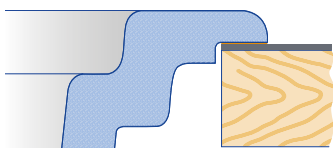

**Stainless steel**

**SILGRANIT®**

**Ceramic**

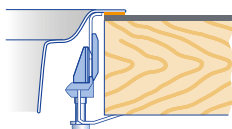

**Flat rim IF**

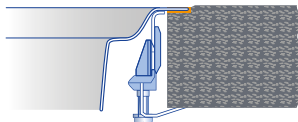

In this process, the sink is placed inside the sink cut-out from above. A layer of sealant is applied under the rim of the sink before installation. The sinks are secured to the underside of the worktop by securing elements.

The flushmount installation of IF sinks correlates to the classic flushmount installation method.

**Stainless steel:  
Installation from above, flat lay-on**

**Stainless steel:  
Flushmount installation**

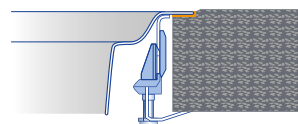

**Flushmount installation**

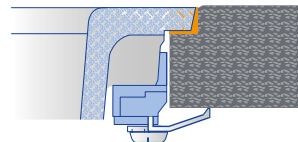

For the flushmount installation method, the sink is fitted from above. We have various special designs with a specific rim for this option.

A groove is worked all around the worktop and filled with sealant. The sink is placed in the sealant and then secured to the worktop from below using supporting elements.

**Stainless steel**

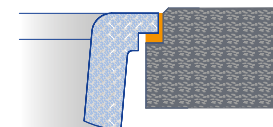

**SILGRANIT®**

**Note:** Milling may differ from illustration depending on model (0° instead of 15° as shown). Please note model-related cut-out data at [blanco.co.uk](http://blanco.co.uk)

**Ceramic**

Cut-out information can be found in our internet download.

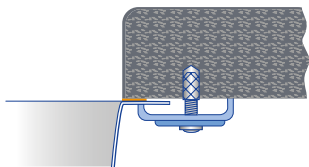

## Undermount

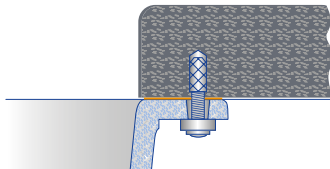

BLANCO's special undermount bowls and almost all BLANCO inset sinks can be fitted from below in non-water drawing worktops in natural stone or composite materials. Thin worktops < 20 mm require an additional lining. A layer of sealant is applied between the rim of the sink and the bottom edge of the worktop.

The sink is attached to the worktop by special supporting elements. Special dowels are used for screw attachments in worktops made of natural stone or composite materials.

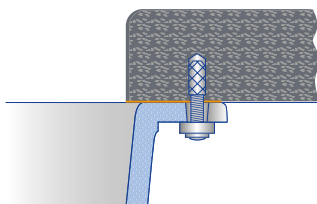

### Stainless steel: Undermount bowls

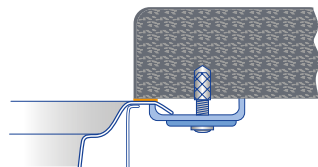

### SILGRANIT®: Undermount bowls

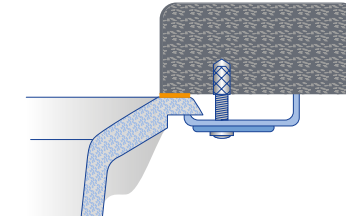

### Ceramic: Undermount bowls

### Stainless steel: Undermount sinks

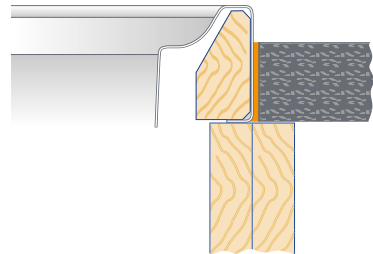

### SILGRANIT®: Undermount sinks

## In-between module

In-between modules replace the worktop over a defined width. The module is placed on the sink cabinet and secured by screws. Depending on the planning situation, the worktop material is placed to the right and left and a layer of sealant applied.

Special supporting elements are required for undermounting inset sinks.

#### Note:

The cabinet widths given for inset sinks apply to installation from above.

For undermount installation, the cabinet width depends on the dimensions of the sink and the worktop structure.

# BLANCO AFTER SALES GUARANTEE AND CONTACTS.

## BLANCO UK GUARANTEE:

BLANCO UK reserves the right where deemed appropriate to inspect any reported defective product prior to making a decision on any remedial action. It should be noted that in all instances the manufacturers' decision is final. Your BLANCO products are manufactured to the highest standard, however in the unlikely event that you should experience any defect in the materials or manufacture, within the guarantee period indicated below, and in the judgment of BLANCO UK or an authorised representative confirms that the product is defective, we will undertake to supply replacement parts or replace the product free of charge, BLANCO UK will not be responsible for any third party costs including labour, installation or carriage.

This guarantee is made on the understanding that the product has been correctly installed as per our recommendations and the item has been used solely in a domestic installation and maintained and cleaned according to our instructions supplied. This guarantee is intended for the original purchaser and is not transferable.

This guarantee excludes all claims for damages to the goods if not reported prior to fitting and within the time specified from our delivery to the receipt of the goods. Normal wear and tear together with accidental damage to the product, decolouration, abuse or corrosion defects caused by in-appropriate use of un-identified chemicals or cleaners containing corrosive agents are excluded.

Any claims received within the specified guarantee period should be accompanied by a copy of the invoice confirming the date of purchase and proof of ownership. Where possible images of the product clearly identifying the basis for making a claim. Images provided must include a picture of the product including the surrounding area, at least 2 images depicting the damage/leak where appropriate, and an image of the products unique identification label, found under the bowl or positioned on the tap tail. This information is important as the details clearly identify the product and approximate date of manufacture. Failure to supply this information may affect any consideration of a claim.

The above details are intended as a brief summary of our guarantee terms and conditions, a full version is available on request.

## Product improvement.

E and O.E. All products, descriptions and dimensions of our offer are subject to change without notice and in the event of non-availability, BLANCO reserves the right to replace the original product with the closest example to the current range. This guarantee is in addition to and does not diminish your statutory or legal rights.

## Terms and conditions by product Category:

# BLANCO RETURNS POLICY.

## RETURNS POLICY

### **Product no longer required by customer and in good condition.**

All non faulty goods must be notified within 90 days after delivery and will only be accepted if returned in their original packaging. We reserve the right not to accept products where the packaging is damaged or defaced and deemed unsuitable, or where the internal supporting packaging has been removed resulting in transport damage. Please note that a re-stock charge of 25% of the returned product value applies to cover the vehicle collection costs, administration, and inspection, testing and reboxing/ repacking of the item. A minimum restock charge applies.

Returns outside 90 days will not be accepted.

If the product is found to be damaged or deemed to be in an unsuitable condition we reserve the right to withhold the credit. These goods can be returned to you subject to a delivery charge, or the goods can be collected from our distribution centre within 7 days of notification.

### **Bespoke items will not be considered for credit.**

### **Damages and shortages**

BLANCO UK Ltd will not consider any claim for shortages or damages unless notified within 21 days of receipt of goods. Please ensure that all goods are checked by you, and that any problems are reported to the sales department at BLANCO UK within this period. The General Conditions of Sale of BLANCO UK Ltd (available on request) section 7(a) stipulate 3 days, but this has been extended to cover deliveries to storage.

We will despatch a chargeable replacement, and a Customer Credit Claim Form for the damaged product.

### **Collections**

Please ensure the collection is available on the agreed date with our despatch team. If the collection is not made available on this day, then a second attempt will be agreed with you by our despatch team. If the goods are still not available, no further attempts at collection will be made, and full payment will be expected.

If credit is still required then the customer is responsible for returning the product/s to BLANCO UK at their expense, and with prior notification. Credit will be subject to the requirements above.

Missing items/accessories will be deducted, and credits adjusted accordingly.

**Please note:** missing items will be charged at full dealer price, and not include any discounts.

### **Cancellations and Incorrect Customer Orders**

Orders are normally assembled and prepared 2 working days before delivery. Therefore any changes or amendments/ cancellations less than two days before the scheduled delivery date cause logistical issues and may incur a charge to cover delivery and administration.

Bespoke items cannot be cancelled.

This policy is a general guideline and individual cases may be discussed with the Sales Desk on 01923 635 200, or alternatively with your Regional Sales Manager.
